NOTE: Where two part numbers are shown and the word "or" precedes the second, use the stock of the first until it is depleted, then use the second part number.

DELCO TRON* — General Motors Trademark for diode - rectified A.C. Generator.

Delco Remy

Dual-Spark / C-D IGNITION

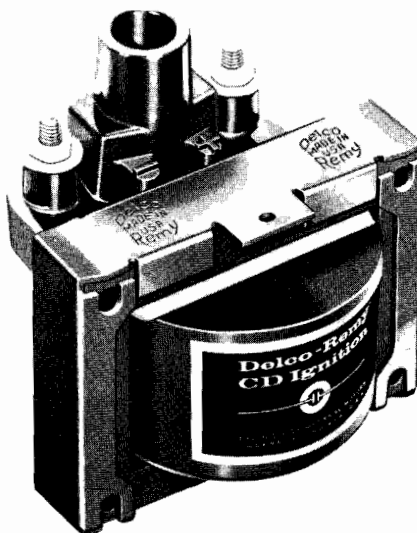

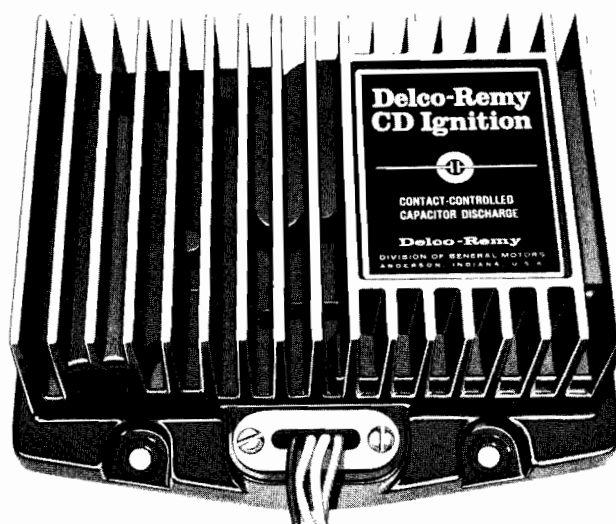

Capacitor-Discharge System . . . Contact-controlled

It's **7** Ways Better!

- Fewer tune-ups required
- Extends spark plug life
- More consistent plug firing at all speeds
- More reliable starting under adverse conditions
- Faster, more reliable starting in cold weather
- Improved restarting of flooded engines
- Easy installation

Recommended applications:

Gas Engine Trucks
Multi-Stop Delivery Vehicles
Police and Emergency Vehicles
High Performance Vehicles
City and School Busses, Taxis
Marine and Industrial Engines

PART NUMBER—PACKAGE

D1950

⁴ Less solenoid, retain original solenoid, plunger and linkage to complete installation of rebuilt unit.

^{1,2} w/D635 also use D1904 Adapter Pkg.

^{1,3} 1939506 less starting switch can be used as replacement for 1107652.

^{1,4} 1939508 less starting switch can be used as replacement for 1107664.

^{2,3} w/Turboglide use 7M.
